**Philipp Dorstewitz, “Digital disembodiment: Pragmatism, crypto anarchism and new participative relationships”**

Morris Library – Guyon Auditorium

# Center for Dewey Studies Lunchtime Talks

<http://deweycenter.siu.edu>

The Center for Dewey Studies is the home of research, publishing, and outreach focused on the life, work, and legacy of the American philosopher and educator John Dewey. Our Lunchtime Talks include speakers researching Dewey and related thinkers, work in the pragmatist tradition, and other work in a broadly Deweyan spirit.
